

# Camp Mishemokwa

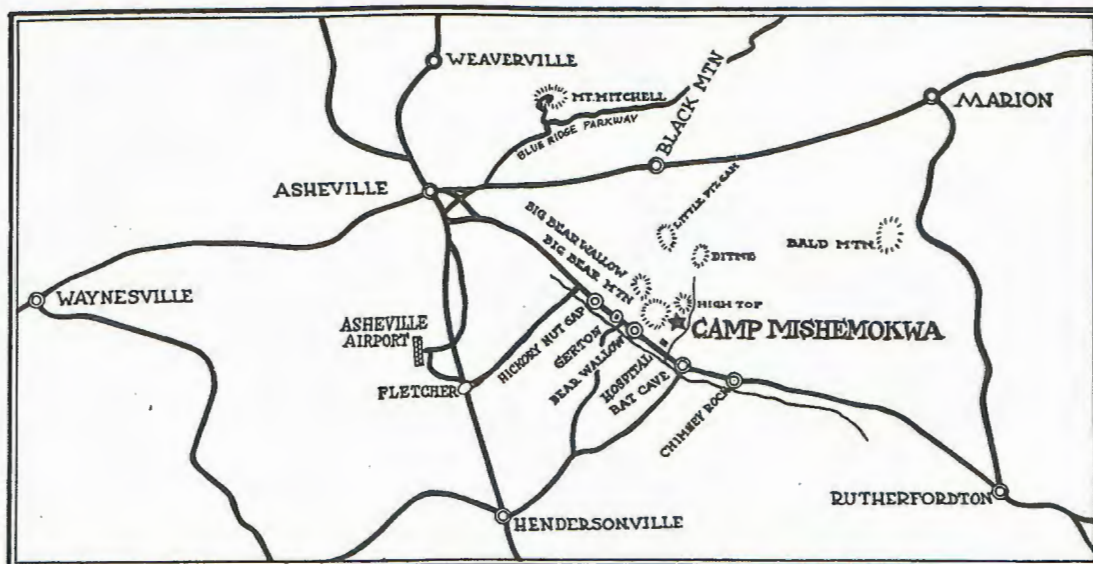

---

1971

Two Divisions, General and Basketball

BEAR WALL  
GERTON, NORTH CAROLINA

## SHOWING THE LOCATION OF CAMP MISHEMOKWA

• There are four ways to reach camp — from Hendersonville, Asheville, Rutherfordton, or Asheville Airport at Fletcher by motor bus service or camp car.

• Address all mail to Bear Wallow, Gerton, North Carolina 28735.

• In calling camp over the telephone, call Camp Mishemokwa, Lake Lure 625-5281.

• Address telegrams to Camp Mishemokwa, via Asheville, N. C.

• TRUNKS SHOULD BE SHIPPED BY EXPRESS TO CAMP MISHEMOKWA, HENDERSONVILLE, N. C., AT LEAST THREE DAYS BEFORE LEAVING, BUT IF THIS CANNOT BE DONE, BLANKETS AND PILLOWS SHOULD BE SENT BY PARCEL POST, NOT EXPRESS, TO CAMP MISHEMOKWA, BEAR WALLOW, GERTON, N. C. 28735.

### WHAT TO BRING

The traveling clothes will be suit able for dress occasions.

- 1 Suit or Sport Jacket and Slacks.
- 8 Pairs of shorts.
- 2 Pairs of levis
- 3 Shirts, one white and tie.
- 10 "T" shirts that require no ironing.
- 2 Athletic shirts, plus sweat pants if available.
- 3 Pairs of gym shoes.
- 1 Rain Coat.
- 1 Pair of dress shoes.
- 2 Pairs pajamas, warm ones.
- 10 Bath Towels, tooth brush, paste and comb.
- 3 Blankets.
- 4 Single Sheets.
- 2 Pillow cases and one pillow.
- 1 Bathing suit.
- 2 Laundry bags.
- Baseball glove.
- Tennis racquet.
- Shoe polish.
- 1 Sweater or warm jacket.

**Note:** Take poison ivy shots before leaving for camp if possible.

Only a small steamer trunk should be used, which with a suitcase, will hold all the camper should bring.

Campers are encouraged to bring a camera, several good books, and their musical instruments.

Mark every article plainly with name tapes, indelible ink, or heavy paint. Do not trust to initials. This is important.

Off for a canoe trip on Lake Lure

## THE JOYS OF OUTDOOR LIFE

Just as in every man there lives a boy, so in every boy there lives a man; and deep in the heart of both there lives a vision of the Ideal Camp — high in the mountains,

away from the towns and cities — always beside some stream or lake — fishing, swimming, canoeing, sailing, and good fellows to help one enjoy it.

Mishemokwa Falls.

Camp Staff

## ORGANIZATION AND LEADERSHIP

The camp's program of "fun and adventure" possesses true educational value, enlivening health, enriched conceptions of sportsmanship and friendship, character and personality. The policy of Camp Mishemokwa is to not only give to its boys a supremely good time but to carefully safeguard them from accident and illness. The camp staff is composed of college trained Christian leaders carefully selected for their ability to carry on suitable programs for the particular group with which they work. Each counselor serves as a supervisor of a cabin. Some of them are men of unusual athletic ability.

All the details of Camp Mishemokwa are under the supervision of the director Hugh B. Craig and business manager E. S. Johnson.

Bill Burnett is the coordinator of the basketball program. More about Messrs Craig and Burnett in the basketball division.

Mr. Johnson has owned Mishemokwa for over thirty years. He devotes time throughout the year to the management of camp. Mr. Johnson has been a successful school man in North Carolina, with wide experience in dealing with boys. He is a former college

varsity man in football, basketball, baseball and track; a college gym director; a coach, a professional baseball player; a city high school principal; and a city school superintendent for thirteen years.

Assisting these men is a group of counselors, one for every five boys. These men are specialists, each in certain fields, whether athletics, swimming and life-saving, supervision of trips and nature study, crafts or some particular feature that the camp fosters.

Under their leadership the boys are encouraged to largely govern themselves. While a few set rules are, of course, necessary, discipline is not maintained according to any fixed system. The boys are placed on their honor and this develops such a spirit of straightforwardness and fairness that cases of disorder very rarely occur.

Camp Mishemokwa is most fortunate in its arrangements for the medical care of the campers. The camp has an infirmary for treating minor ills and has complete access to the nationally known Valley Clinic and Hospital which is located right near camp at the junction of the camp road and the main highway.

View of the spacious camp dining hall.

## COMPREHENSIVE EQUIPMENT

In material equipment Camp Mishemokwa ranks with the strongest camps for boys in the South. Permanent buildings, excellent water systems, septic tanks, electric installations, land and water equipment, tennis courts, athletic field—all combine to afford physical advantage of quite unusual excellence. With an old time fireplace, hardwood floor, cozy corners, large windows and large

porches, the Dining Hall is one of the prides of the camp. The Gymnasium, Infirmary, Cabins, Lodge, Craft Shop and Store are constructed in the same rustic style as the Dining Hall. Each building is modeled for its particular use. Well constructed stone walls and steps add to the rustic plan of things. A nine room lodge is provided for the camp administrators.

Kitchen personnel

The cabins are located conveniently to an ever bubbling fountain furnishing the purest water that can be found. The cabins on Shack Row are arranged with a partition built through the center for four campers and a counselor on each side. The cabins on Happy Hill are arranged for three campers and a counselor. Each camper has an individual cot with sagless springs and a full felt mattress.

Junior Counselors—Counselors In Training

## ATHLETICS AT CAMP MISHEMOKWA

At the opening of the season, the campers and counselors are assigned each to one or the other of the Camp Divisions—Tribes. The tribes are divided according to ages into squads, which constitute smaller working units. Around these have crystallized traditions that make Mishemokwa truly exceptional. Each division has its captain, minor officers, and its special meeting place. The competition between the Tribes is of the keenest sort, yet thoroughly wholesome and sportsmanlike, and affords admirable training in leadership and teamwork. Every activity is planned to make the acquiring of strength natural and easy, and to attain unto the highest general average of all-around development. Every boy is encouraged to

participate in as many forms of athletics as may seem desirable for him, but care is taken to prevent any boy from participating in any branch of athletics which the camp physician advises would be harmful to him. Individuals competing may win "distinctions," but more important squad games, tournaments and intracamp games make possible the winning of team "distinction." As the result of squad planning, each camper must do his part, so that not only do the best athletes, but the untried, the timid as well have equal opportunity. Moreover, since the activities are many and varied, almost every camper can manage to excel in at least one. On trophy night the Division that has amassed the larger number of distinctions is declared the winner.

Discus Throw

New Backstop

## MAJOR SPORTS

Camp Mishemokwa is ideally situated for the compact layout of athletic fields. All sports are within a stone's throw of the gym and other camp buildings. Baseball rivals tennis in popularity at Camp Mishemokwa. A large athletic field is provided and an opportunity is afforded every boy, old or young, good player or poor, to take part in this sport. Teams are made up of each squad and are under the guidance of a counselor, who is a master of fundamentals and finer points of play. Many boys who have studied the games at Mishemokwa find it easy to win places on their school teams at home.

Up and Over

## SWIMMING CANOEING AND FISHING

Swimming ranks first in popularity among the water sports. The Lakes at Mishemokwa have gentle sloping beaches where boys who are just learning to swim become at home in water. The more expert swimmers vie with one another to accomplish difficult dives from the springboards. The water is pure, being from springs near the camp.

Swimming instructors teach each boy to swim well and assist all the campers in passing tests that permit them to use the boats and canoes.

Every beginner strives eagerly to attain an equal skill with the older boys. The delights of canoe-tilting and sailing canoes are only

Below: Upper Lake

for seasoned swimmers, and they beckon alluringly to boys who have still to master the art of swimming well.

American Red Cross Life Saving tests are given to all classes.

In addition to the Lakes at Mishemokwa, the camp has access to Lake Lure, one of America's greatest scenic playground resorts.

Lake Lure has a twenty-five mile water line and covers one thousand, five hundred acres. Canoe trips and over-night camping on the lake shore are looked forward to with much enthusiasm by all the campers.

*No one is allowed the privilege of the lakes except at stated hours, and then life guards and instructors are always on duty.*

*On the Black-top*

## BASKETBALL AND FIELD SPORTS

Basketball is an outstanding sport at Mishemokwa. Squad teams from the oldest counselor to the youngest camper are formed and regular scheduled division games are played. It is here that competition is the keenest. Track and Field Sports are very popular and several meets are held during the summer. Toward the close of the season contests are held to decide the camp championship in all squads.

Many other sports are also engaged in and enjoyed. Volley ball, indoor ball, horseshoes, ping-pong, and checkers are all popular. Treasure hunts are enjoyed by all, and games of all descriptions enliven the days from morning 'til night.

*Jerry is not only a good juggler but a terrific basketball player.*

## SOME OF THE TRIBE

The younger campers of camp can make veterans.

Campers attended eight States in 1958: Arkansas, Alabama, Carolina, Virginia, and home as well as from

## IES IN BASKETBALL

by near the end  
the pivots like

fishemokwa from  
as follows:  
Florida, North  
Illinois and Okla-  
Puerto Rico

## TENNIS AND GOLFING

Camp Mishemokwa is especially proud of its excellent tennis courts. They are of sandy-clay construction, well drained, dragged daily, and in tournament condition at all times. Well-trained instructors teach the boys the proper strokes and methods of playing this popular sport.

Mishemokwa campers have free access, at regular periods to the splendid Lake Lure nine-hole golf course and it is not necessary for any camper to give up his usual golfing activities while at Mishemokwa.

## WRESTLING AND TUMBLING

Systematic instruction is given and contests are held in wrestling between boys of the same weight.

All boys take a tumble occasionally; and if they know how to tumble—so as to land on their feet or keep from falling—it will give them confidence that they would not otherwise have. Tumbling and pyramid building are the most popular of all gymnasium exercises.

The camp is a member of the National Rifle Association Corps. All who qualify as marksmen and sharpshooters receive the Corps medals and diplomas.

Target practice is open to every boy in camp under the direction of an experienced rifleman. One of the important features of marksmanship is that the instructors make every effort to impress the campers with the vital necessity of caution in the handling and use of firearms — so much so, that care becomes second nature with the youthful sharpshooters.

All ammunition and rifles are furnished by camp free of charge.

The fascinating sport of Archery is included in the program of activities, engaging the interest of campers of all ages. All equipment is furnished by the camp, and practice is carefully supervised.

## ARCHERY AND TARGET PRACTICE

*Hot-dogs and more hot-dogs and marshmallow and Mr. Tuller with his fiddle.*

## OTHER SPORTS AND ACTIVITIES

All-day and overnight hikes are taken frequently to points of interest around the camp, viz: Little Pisgah, Wildcat Cliff, Leaping Deer Falls, Mt. Deitne, Harris' View, Rumbling Caves, Bat Cave, Rainbow Falls, Sugar Loaf Mountain, Chimney

Rock, etc. On these hikes the boys carry their lunches.

When they spend the night out, they do their own cooking, and enjoy real camp life. Nothing affords boys more pleasure than these hikes.

Courtesy and efficient service on the inside and a rainbow yard of flowers on the outside makes the Gerton, N. C. Post Office (Mishemokwa's Post Office) the most attractive in all America. Mrs. W. L. Huntley is Postmaster and Mrs. Lawrence Freeman is Assistant.

Science Activities

Trips are also made to Chimney Rock, Mt. Mitchell and to the Cherokee Indian Reservation, where the boys see the famous outdoor drama "Unto These Hills". These trips will always be remembered.

Science plays an important part in the experiences of the campers at Mishemokwa. The boys not only learn to recognize birds, flowers and trees but experiment with heat, light, air, electricity, machines, etc.

## H O R S E B A C K                      R I D I N G

Camp Mishemokwa believes that every camper should have an opportunity to ride horseback. However, we do not believe that the boys who do not participate in this sport should have to help pay the expenses of the ones who do. For this reason the cost of the riding department is borne by the boys who ride. The program of instruction and recreation is carefully planned and campers

are not enrolled for periods shorter than their stay at camp.

The horses are gentle and fine-gaited, insuring safety for the younger boys. After acquiring confidence and proficiency in the ring, boys are allowed to ride the many trails on the camp area which lead through the mountains. Campers are at no time allowed to ride without an instructor.

Music plays an important part in the camp program.

## SOCIAL AND RELIGIOUS LIFE

In the life at Mishemokwa there is everything a boy's heart might desire, and the amount of fun and freedom crowded into the vacation cannot be estimated. The program is so varied that everyone enters into it with enthusiasm; and this, with the good fellowship that exists between the boys and the men in charge, as well as among the boys themselves, makes the summer one long to be remembered. Many lasting friendships are formed which will be cherished by all alike.

Music, instrumental and vocal, is a real feature of camp life. A competent director will be in charge. A camp orchestra will be formed and every boy who has an instrument is requested to bring it to camp.

There are many social gatherings connected with the camp which heighten the pleasure of all concerned. Informal spreads and

In the Library.

birthday parties held by the boys themselves; marshmallow roasts given over huge camp fires; radio programs; moving pictures; an annual entertainment for a nearby girls' camp; an annual banquet which closes the season's activities; evening programs offered by local talent; occasional talks and entertainment by outside men; visits by parents and other friends, together with many other features, help to enliven

the hours and bring the boys into closer association and comradeship.

The boy's religious life is given definite attention. Services are held at the camp on Sunday morning for those of Protestant faith, while the autos make a trip to church in nearby Lake Lure for those of Catholic faith. Everyone belonging to the camp is expected to attend worship at one place or the other.

Some of the younger campers call at the Valley Clinic and Hospital and make a social visit with the popular and devoted Dr. Zulick.

## TROPHY AND MEDAL WINNERS

On Trophy Night, at the closing banquet, the Director makes the awards, reads the list of campers who were selected by the Counselors as a recognition of merit in cherishing and expressing the spirit of Mishe-mokwa, and presents to each the coveted "Bear" monogram, an honor which is second only to that centering in the "Cup of the Best All-Round Camper."

This trophy is presented each season to the camper, who in the opinion of the Senior Counselors, has shown marked ability and greater improvement in all the camp activities and in the qualities of sportsmanship,

leadership and character. The most sought after award is the Handicraft Trophy. This is presented to that camper, selected by the Counselor Staff as the boy who during the eight weeks' season manifested the most interest and produced the outstanding project. The camp is affiliated with the National Rifle Association and American National Red Cross and through these organizations additional awards are made.

The banquet on the last evening at the close of camp is perhaps the most delightful occasion of the whole season.

# MISHEMOKWA CAMP BASKETBALL

At Mishemokwa basketball plays an important part in a well-balanced and well-rounded camp program of activities for all ages 8 to 18. Without reservation, Camp Mishemokwa has the finest basketball program of any camp in the Southeastern United States, if not in the entire nation.

Hugh B. Craig, Head Wrestling Coach, Gardendale High School, Jefferson County, Birmingham, Ala. is Director of Camp Mishemokwa.

Bill Burnett, Head Basketball Coach, Pocahontas High School, Pocahontas, Va., is Coordinator of the Basketball program.

Coaches Craig and Burnett and other key Counselors return to Camp Mishemokwa season after season for the definite purpose of directing the boys in their development in the various worthwhile activities of which basketball is a specialty. These men are assisted by several current major college basketball players.

Basketball at Mishemokwa is unique in that the boys enroll for the full seven weeks. Mishemokwa does not want merely to start the program, but must have time to work into the experience and habit. Training in the fundamentals of basketball is the basis of the program. These fundamentals are NOT acquired as in a clinic, where some big time coach lectures, demonstrates and shows pictures, but through honest-to-goodness hard work. The boys are taught not only to work but to think about what they are doing while working. Once the correct procedures are learned, practice and continued practice is carried on until the correct habits become fixed and are followed instinctively. The program is concrete all the way.

Many regular basketball games are played during the season both among the camp groups and with other camps. The high school players have the opportunity to play with the college basketball men. There is no substitute for this type of experience.

The boys may attend Mishemokwa mainly for the express purpose of developing in basketball, however, the counselors are conscious at all times of the responsibility for directing the boys in their growth in respect for authority, in sportsmanship, friendship and character. Everyone at Mishemokwa enjoys camp life. There is some social life, trips to various scenic spots, moving pictures and many other activities planned.

Those desiring more information about basketball and enrollment at Camp Mishemokwa may obtain it through any of the following:

Hugh B. Craig, 3203 Pine Ridge Road, Birmingham, Ala. 35213

Bill Burnett, Head Basketball Coach, Pocahontas, Va. 24635.

## More About Basketball At Camp Mishemokwa

The basketball camp operates from 8:30 A.M. to 10:30 P.M. for the older campers, and until 9:30 P.M. for the younger campers six days each week. The "ORDER OF THE DAY" listed in the camp catalog does not mention any specific activity, except swimming. This is optional and on some days the basketball campers will be too busy in basketball to go swimming.

The "ORDER OF THE DAY" listing is just the plan for a healthy and happy stay at Mishemokwa to have a profitable and enjoyable summer. The basketball campers in addition to the concentration on basketball will still have time for a few trips out of camp and other activities.

The basketball program at Mishemokwa for the first week will be general, and is as follows:

Conditioning (jumping and running).

Dribbling and ball handling.

Team defense

Pivoting

Rebounding

Team offense

Shooting

Lectures, all during the camping season and some films.

NOTE: During the first week of camp the basketball coaches will learn each camper's level of development in each age group.

The basketball program will include individual instruction in all basketball fundamentals.

### 1. TEACHING OF OFFENSIVE FUNDAMENTALS

- A. Lay-up shooting
- B. Jump shooting
- C. Set shooting
- D. Free-throw shooting
- E. Passing and catching

- F. Dribbling, jumping, tipping, rebounding
- G. Loose ball situation
- H. Dribble, fast pivot, dribble and shoot or pass off (forward and backward pivot on right and left foot). Many situations in this.

### 2. TEACHING OF DEFENSE FUNDAMENTALS

- A. Defense
- B. Footwork

- C. Switching, sliding and playing the post cuts (high and low)

### 3. TEACHING OF TEAM PLAY

- A. Various types of zone defense
- B. Man-to-man defense
- C. Fast Break
- D. Man-to-man offense
  - (1) Weave

- (2) Figure eight
- (3) Give and go
- (4) Set plays
- (5) Attacking various types of zone and ball techniques

4. DIET AND GOOD EATING HABITS. This is a must, too in order to make good athletes.

5. LEAGUE OR TRIBE GAMES ARE PLAYED EVERY DAY.

### 6. TEACHING AT EACH CAMPER'S LEVEL

Some of the camp basketball players are experienced and almost ready for college varsity basketball. Some are inexperienced, just starting basketball, elementary and junior high school ages.

### EARLY REGISTRATION NECESSARY

Parents will be of material assistance in sending in applications early. Intelligent leadership requires much planning before the opening of camp. Then, too, the director desires to know each camper personally before camp opens, as far as possible. The camp enrollment is limited and applications will be accepted in the order in which they are received. Boys of high moral character and between the ages of 8 and 18 are eligible for enrollment.

### EXPENSES AND TERMS

The camp season is for the period of seven weeks. With Mishemokwa's type of program it is obvious why the season is for this duration (The inner resources of the campers must have time to work into experience and habit to be of lasting benefit to the boys), however, some campers may enroll for less than the full seven weeks.

The camp fee for the full seven weeks is \$450.00. The fee for less than the full seven weeks is \$80.00 per week. In either case accident and sickness insurance is included. This insurance covers more than just the ordinary accident and sickness insurance.

The camp fee is payable as follows: \$50.00 with application and balance by the opening of camp, \$400.00 for seven weeks enrollment or for less than seven weeks, balance based on \$80.00 per week.

No reduction is made for those arriving late or leaving early, except on account of illness. A 5% discount is given brothers.

Horseback Riding for 7 weeks (Optional) \$50.00.

With the exception of laundry, these fees will cover every expense at camp, including transportation from Bat Cave, Hendersonville, Asheville, Biltmore, or Asheville Airport, and drayage between Hendersonville depot and camp on arrival and departure; hikes and trips; tuition for instruction in all academic subjects, athletics, etc; medical attention, except in cases of crucial illness necessitating the calling in of a specialist or the further necessity of taking a sick camper to some hospital, then parent or guardian is expected to assume the cost when not covered by the camp insurance; expenses of all trips and amusements provided at camp; board and lodging; and in addition, the expense of providing a counselor of mature age for every five boys.

The camp provides all necessary materials for crafts. However, when expensive material is used for articles to be taken home, a charge will be made. Campers must secure written consent from their parents before purchasing this material.

Laundry will be collected and handled weekly by the camp for the convenience of its members. The cost to the camper should not be more than \$2.00 a week.

The camp operates a bank and store for the convenience of the campers. Spending money should be limited. We strongly advise against allowing a boy more than \$3.00 a week for pocket money. A special check for this purpose should be mailed to the director with explicit instructions as to its disposal. An additional amount may be included if the boy is in need of toilet articles or athletic equipment.

A voucher system is used in handling these funds. Campers list their purchases when made so that an accurate record of their expenditure is always available.

The Camp Store will have the following equipment on hand for the opening day of camp; gym shirts, shorts, fleece lined sweat shirt, tennis rackets and balls, tooth paste and soap. Parents should give their son a written order for equipment desired.

It is urgently requested that parents do not send boxes of edibles, except fruit. The reason is obvious. Our trained dietitian is on duty at all times, and plans well-balanced and bountiful meals.

The directors reserve the right to return to his home any boy who in their opinion does not measure up to camp standards.

Campers who arrive before the opening date and leave after the closing date will be charged \$6.00 per day.
